Meeting start – 7:01 pm
Total in attendance – 40

**Special Presentation** – **Constitutional Amendment**

- **Skycam Project**
  - Through Iowa State Weather and Cy’s Eyes, though available to everybody for 24-hour weather access.
  - Investing in several 4K, high resolution cameras.
  - Features: Ability to save video, create timelapses, and move camera position.
  - Equipped to run through the Cy’s Eyes graphics system.
- The cameras will be fully funded through student government.
  - However, the student government requires that an amendment be made to our chapter’s constitution specifying that we are in no way funded or directly affiliated with the department of Geological and Atmospheric Sciences.
Amendment (between sections A and B): The ISU AMS is an independent, student-run organization of Iowa State University and is not affiliated with the Iowa State University Department of Geological and Atmospheric Sciences or any other student organization.

Amendment discussion:
- Why not use pre-installed campus cameras?
  - Answer: The cameras installed across campus are low-resolution, 4x4 cameras which are not adequate for capturing weather. Furthermore, those cameras are controlled by the University and thus we would not be able to adjust the view to get the best picture.
- How soon will this be installed?
  - We’re hoping to get the cameras up and running before the beginning of the Fall semester!
- What do you mean by any other student organization? Will this conflict with our affiliation to the National AMS? What about the LAS council since we consistently receive money from this group due to our membership on the council?
  - After much discussion and after review of the LAS Student Council Constitution, the wording of Article III, Section A, subsection 1 would suggest that amending our constitution would disqualify us from membership of the Student Council. As a result, the amendment will not pass. Further discussion will be had in the future if an alternative strategy for obtaining the cameras is developed.

President – Kris Tuftedal

- Nominations are next meeting!
  - Talk with the position you are interested in as soon as possible.
  - If the position you are interested in does not have an event partner, email or talk to them anyways. You are more likely to get voted into cabinet if you express interest in the position ahead of time.
  - FRESHMEN AND SOPHOMORES! We need you to run!
- **NWA Conference:** March 30th-April 1st
  - Registration now open!
  - Partial funding from AMS-$15 off (until we hit $405 total)?
    - Results of Vote:
      - Kyle Knight moved to amend the motion to raise the total funding to $450 to be split between 30 people as opposed to $405 split between 27 people. Motion passes.
      - First come, first serve basis, so act fast!
      - Money due to Kris or Justin by March 6th if you want AMS funding
        - Came to 2 NWA Meetings? Check for $33 to ISU AMS
        - Didn’t come to 2 meetings? Check for $65 to ISU AMS
        - INCLUDE: name, member status, email, and paid amount on an envelope!

Next Meeting:
Tuesday, March 28th at 7 pm

These minutes were written in honor of Bill “The Extreme” Paxton, who passed away on February 25th, 2017. Though he may have never been a meteorologist, he will always live on in our hearts as a dear friend of the chaser community. His work left a profound impact on the world and inspired a generation of meteorologists. RIP Human Barometer.
